

TO HONOR

DEWITT SAMUEL COPP

1919 - 1999

DeWitt S. (Pete) Copp wrote more than thirty books of both fiction and non-fiction. He was an extraordinary supporter of the Academy Library and the Academy archives, generously donating his extensive archival collection gathered in support of the publication of A Few Great Captains and Forged in Fire which chronicle the evolution of the United States Air Force from inception to the end of World War II. These two superb histories and the DeWitt S. Copp archival collection have become standard reference and research materials routinely researched by Air Force Academy cadets in their study of the history of American Air power.
